## **Dear Friends and Neighbours**

*Christmas is only a few weeks away and everywhere you turn there's food and gifts to tempt you. As I get older I find it harder to buy presents for family and friends as they seem to have everything they need! I give them the same problems! I know I'm officially old as most of the gifts I now receive are toiletries or very nice tins of biscuits. All gratefully received but definitely proving I have reached **THAT** age!*

New releases for Dec/Jan 2018

It took us 4 billion years to evolve to where we are now. No question, anyone reading this has won the evolutionary Hunger Games by the fact you're on all 2's and not some fossil. This should make us all the happiest species alive - most of us aren't, what's gone wrong? We've started treating ourselves like machines and less like humans. We're so used to upgrading things like our iPhones; as soon as the new one comes out, we don't think twice, we dump it. Ruby wrote this book with a little help from a monk, who explains how the mind works, also gives some mindfulness exercises, and a neuroscientist who explains where everything that makes us can be found in the brain. She answers every question you've ever had : evolution, thoughts, emotions, the body, addictions, kids, relationships, the future and compassion. How to be Human is extremely funny, true and the only manual you'll need to help you upgrade your mind as much as you've upgraded your iPhone.

## Ingredients

- 1 tbsp olive oil
- Knob of butter
- 1 large onion , halved and sliced
- 6 sausages or 8 chipolatas, cooked
- 2 tsp mustard powder
- 50g plain flour
- 1 chicken stock cube
- 150ml white wine
- 500ml chicken stock or leftover gravy
- 6 stuffing balls, cooked
- 300g cooked turkey, shredded
- 1 tbsp wholegrain mustard
- 100g low-fat crème fraiche
- Small bunch parsley, chopped
- 800g leftover roast potatoes
- 20g mature cheddar, grated

## Sausage and Cranberry stuffing!

### Ingredients

- 1 onion , finely chopped
- 25g butter
- 2 slices white bread, whizzed to chunky bread crumbs
- 200g sausage meat
- 1 apple, peeled and grated
- 200g cranberry
- 50g pistachios
- 4 sage leaves, finely sliced
- 1/2 tsp mixed spice

cranberries, pistachios, sage and mixed spice. Mix then roll into balls.

2. Place on a roasting tin and bake for 40 mins or until browned.

## Left-over Pie!

### Method

1. Heat the oil and butter in a large, shallow ovenproof casserole dish. Add the onion and cook for 10 mins until really soft. Push the onion to one side of the dish and add the sausages, browning them all over ( skip this step if using cooked leftovers).
2. Remove the sausages from the dish and set aside to cool a little. Stir the mustard powder, flour and stock cube into the oil and butter for 1– 2 mins, then add the white wine. Bubble for 1 min, scraping the bottom of the dish to release any tasty bits, then add the stock. Stir to make a smooth sauce, season and bubble for 5 mins. Heat oven to 200c/180C fan / gas 6.
3. Cut the sausages and stuffing into bite size chucks, add to the sauce with the turkey, mustard, crème fraiche and parsley. When bubbling , remove from the heat. Crumble the potatoes in your hands over the top of the filling, so you have some larger and smaller chunks. Scatter with cheese and bake for 40 mins until the potatoes are crisp and the filling is bubbling around the edges.

### Method

1. Heat oven to 200C/180C fan /gas 6. Cook onion in butter until soft, add breadcrumbs to soak up excess butter. Let mixture cool than add sausage meat, apple,

# South Holland District Council

Those who gave their lives or were injured whilst fighting for their country were Remembered throughout the District over the weekend of 11th and 12th November, with the largest being the outdoor service held in Ayscoughfee Gardens in Spalding which was followed by a parade into the Market Place. Later that day, Holbeach held it's church service which included a parade through town, both before and after the service.

Also in November, as Chairman of the Council, Rodney played host to the annual Civic Service which was held in All Saints Church, Moulton. A large congregation which included Andrew and Anthony along with other SHDC Councillors and members from other Local Authorities and organisations enjoyed an excellent service, which was then followed by refreshments at Moulton Community Centre.

SHDC has a new Councillor with Jan Whitbourn winning the by-election for Whaplode, Holbeach St John's and Sararens Head Ward. The election, which happened due to the sad passing of former Councillor Mike Pullen was cleanly fought between Conservative and Labour, with Tory candidate Jan being victorious. Many people will know Jan as she ran Tulip Radio and has hosted many public events in the area. We welcome Jan to the Council.

SHDC has a new **Dog Warden** with Oliver Abrams joining the team. If you notice or hear of any stray dogs, have concerns about the welfare or have any dog-fouling "hot-spots", please call **Oliver on 01775 761161**.

If you're planning a Christmas meal with work colleagues, family or friends we would urge you to 'look before you book' and check the Food Hygiene Rating of the venue you're thinking about eating at first. The number of businesses with top-ranked Food Hygiene Ratings in South Holland remains at an all-time high, with latest figures showing the percentage of venues with 3 (satisfactory) 4 (good) and 5 (very good) ratings is 98.4 per cent, whilst there are still no businesses with the lowest ranking of zero. To find a restaurant's Food Hygiene simply visit the Food Standards Agency website: [www.food.gov.uk/ratings](http://www.food.gov.uk/ratings) or if you're out and about check for the green and black sticker which is usually on display in a front window or on a wall. If you can't see one, just ask. The ratings are determined following an unannounced visit by local authority food safety officers. The ratings run from 0 to 5, with a 5 rating meaning a very good level of food hygiene. South Holland District Council regularly promotes the latest 5 rated businesses on its Facebook page.

## Santa facts:

- \*There are two billion children in the world.
- \*Santa has to visit 822 children every second on Christmas Eve.
- \*Santa will visit 108 million homes.
- \*At every home, he has to park the sleigh, jump down the chimney, fill the stockings, put presents under the tree, eat any snacks, kiss mommy, get back up the chimney and hop in the sleigh.
- \*During Christmas, each reindeer will eat 500,000 carrots.
- \*However, Santa has the power to stop time so he can finish.

As the Christmas Season heads towards us, we are excitedly planning to meet it. Only recently, we were celebrating the Harvest Season with songs, gifts of produce and thankful prayers.

The food donations were graciously received by

the **Spalding Agape Food Bank**. We encourage pupils to continue being thankful throughout the year, particularly when asking for things they want compared to things they need. Make sure to open your doors and support us as we go **'Carolling'** through the village of Cowbit on **Dec 15<sup>th</sup>** at 4.00pm. We will begin in St Mary's Church, share the songs of Christmas around the village and return to school for a hot drink and refreshments. Pupils and staff are also excited about travelling to Peterborough to see the pantomime, Sleeping Beauty! We trust everyone will have a great Holiday Season and a brilliant start to 2018.

#### **Donaldson R/Y1/Y2**

As part of our topic on Parties/Celebrations the children have particularly enjoyed learning about medieval banquets. We looked at menus from medieval times and created our own menu. We loved listening to medieval music while we learned and it was great fun learning a medieval dance. Throughout the topic children have also enjoyed tasting and exploring different fruits and vegetables.

#### **Morpurgo Y5/6 Class**

Our main theme for this term is Castles—we will be focussing on WW1. Our main question this term is 'What do castles have to do with WW1?' We will look at events that led up to the start of WW1, the effects the death of Franz Ferdinand had on the events leading up to WW1. Through the use of drama, we explored how the leaders of the involved countries made the decision to join the war. In English we are focussing on stories with a historical setting and our main text is War Horse by Michael Morpurgo. We will be watching the scenes from the film in order to enhance our learning and writing. In Maths we are consolidating our knowledge of the four operations (addition, subtraction, multiplication and division).

#### **Dahl Y3/4 Class**

This term Dahl class will be delving deep into a historical topic and exploring who the best builders were in different civilisations. This will expose the children to periods such as the Mayans and Egyptians, with a close focus on structures that they built and how we still remember them to this day. This will also explore how materials have been preserved for so long and the ultimate question of who were the greatest builders in the world will be debated.

In Maths, we will be learning new strategies for multiplication and division. This will require the children to use their current and prior knowledge in order to use the various resources and strategies given to them. For English this term, the fictional focus will be on the story Charlie and the Chocolate factory. Not only does this link to the Mayans and the discovery of chocolate, it is also a fantastic story for the children to use those skills they have built upon from the previous term. This will lead into the children writing instructions and explanations texts linked to the story.

- The real **Dick Whittington** was actually mayor of London 4 times. He was also mayor of Calais.
- Dick Whittington was born in **Pauntley**, Forest of Dean. In most of the fairytale versions he is portrayed as being from Gloucester.
- Whittington evolved into a folk hero after his death because he left all of his money to local charities and community work, meaning future generations grew up hearing his name.
- The Whittington Hospital is on Highgate Hill, where the fictional Dick Whittington is said to have heard Bow Bells telling him he would be mayor of London.

The role of the Pantomime Dame stretches back to the earliest origins of the theatre, when girls and young women were played by youths, and old women by men - often comically. The earliest ancestor of the comedic are possibly Mrs. Noah in the miracle plays of the middle ages.

Even after the restoration in the 17th century, when actresses entered the theatre, many were loathe to play older parts, and the convention continued. During the Regency the roles of witches, characters like 'Mother Skipton' and old harridans were played often by men, Grimaldi played several female roles, including the Baroness in 'Cinderella'. The Ugly Sisters at this time were played by women, later by men. The names given to Dames have altered over the years, but traditionally the Dame in 'Aladdin' is Widow Twankey. Christened in 1861 Twankay was a tea, popular in London at the time.

## Christmas

Dear Friends,

Many people would say that the biblical story of the birth of Jesus is nothing but a fairytale, a story that no rational adult could possibly believe, as the laws of science simply do not permit us to think about a divine being's breaking into our world at a particular time in history in the

form of a God-man.

I cannot possibly say how it is that Jesus was both God and man. But my intuition calls me to believe that it is true. If we think about it, isn't intuition something that we rely on constantly, especially when it comes to life's big decisions? What, for example, causes us to trust someone or to say to someone that we wish her or him to be our partner for life? Is it scientific observation or is it simply faith? Perhaps it's a bit of both, but I suspect that the faith we have in those we trust or those we marry is based primarily on our intuition.

But let's get back to Christmas. What I like about Christmas is that it shows God's concern for us, his love for us. Christmas tells us that God is not a neutral deity, a god who brought the world into being and then has withdrawn to let things take their course for good or for bad. Yes, things do take their course for good and for bad; but God through Jesus shows us that through it all he loves us and wants to give us new life. Through Jesus God shows us that love is at the heart of God and that living a life of love after the example of Jesus is the best way to find meaning and purpose in this life that we have been given by God. Just as Jesus suffered in this life, so too do we. But if we have truly taken Jesus as our model of the way to live, we know that our suffering can be borne because we know that our God will see us through it. Jesus embraced death on the cross because his trust in God told him that God would see him through it. True faith, the sort of faith that Jesus showed in his life on earth, tells us that behind all of life, both what we know as the good and what we know as the bad, is God, a God whose purposes are always good, even though there are so many times when our minds cannot comprehend the ways in which God's purposes are being worked out. If anything in what I have just said attracts you, why not look at that attraction as God's way of reaching out to you and inviting you to believe? God speaks to our reason, but he speaks first to our hearts, which is another way of saying he speaks to our intuition. We can, of course, tune God out. But why do so when God, who gave us our life, wants to show us how to live this life to the full, when he wants to show us the way to real life? May this Christmas a time when you find God in Jesus and say a heartfelt 'yes' to his invitation to new life. Yours in Christ,

*Charles Brown*

*We have*  
145 pupils on roll , 73 girls and 72 boys,  
25 full and part-time members of staff

We have had a fantastic start to the new academic year with a busy term full of events for everyone to enjoy. We were delighted to welcome Mrs Kendrick this term as a Teaching Assistant based in KS2. Roald Dahl Dress-up Day was very popular, as always, and the children (and staff) arrived in fantastic costumes. Thank you to everyone who donated towards the Roald Dahl Marvellous Children's Charity, we raised an impressive **£117.**

Willow and Elm Class enjoyed taking part in the **K'nex Challenge** this term. Working in pairs, they had to design and build a trebuchet that could aim and fire an object at a target. There were some incredible designs, definitely a few budding engineers in both classes!

The annual trip to **Aylmerton** at the end of September was a great success once again and we were lucky enough to have some lovely sunny days to enjoy being outside. The children were an absolute pleasure to spend the weekend with and approached everything they did with energy and enthusiasm, supporting and encouraging each other on the way. They

even allowed the teachers to have some sleep at night! During this year's visit, we learnt that Weston Hills holds the record for the most visits to Aylmerton. Since Aylmerton first opened 28 years ago, we have visited **26 times** and so our school is treated a little bit like royalty!

Holly and Willow Class are taking part in an START Arts project over the course of this year and working towards an Arts Award at the end of it. This term they have had a puppet making and drama workshop in school and have also been to the South Holland Centre to watch a theatre production of **'The Tales of Birbal'**. Willow Class enjoyed a visit to the National Space Centre in Leicester as part of their Science curriculum work. They had great fun exploring the interactive displays. Four teams of children from KS2 took part in an inter-school cross-country competition this term and came back with a host of medals to show for their efforts, ***well done to all.***

Holly Class were in Peterborough this week, visiting the museum to learn more about the Romans, which is their class topic for the autumn term. They enjoyed dressing up as Romans, making Roman clay faces and learning how to be a Roman soldier.

The first tournament of the season for our Y5/6 hockey players took place on 6th October. There were a few pre-match nerves for those who had never played in a tournament before, but they grew in confidence with each match, winning the penultimate match 4-0! **Well done to the whole team.**

In the last week of this term Year 6 children have completed the ***Bikeability*** programme which teaches them how to cycle safely on the roads. All the children achieved Level 1 and 15 children achieved Level 2, well done to all. Year 2's have been learning about road safety but on foot rather than on bikes. Kay Taymen from Lincolnshire Road safety team came in and we had parents helping too, so thank you to everyone that helped. The roads are so busy now and road safety skills are so important, we hope the children will remember what they have learned.

## WESTON PARISH COUNCIL

The Parish Council have, for some time now, been looking into the possibility of putting some play equipment on Weston Hills Playing Field. Coincidentally a petition was recently sent to the Parish Council, signed by Weston Hills residents, asking for the same thing. A public meeting in Weston Hills Village Hall has been organised for 3.30 pm on 5th December and it is hoped that a Playing Field Committee can be formed in order to achieve these aims.

It now seems likely that a Community Speed Watch Scheme for Lincolnshire will be rolled out in 2018 - nearer the time of its launch the Parish Council will invite volunteers from the community to come forward to form teams to use the equipment within our Parish.

PCSO Newell has given the statistics for incidents reported to the Police in October as 4 of anti-social behaviour, 1 of violence and 1 road traffic accident.

There is still a vacant seat on the Parish Council—anyone interested in being co-opted should contact the Clerk ([sawclerk@aol.com](mailto:sawclerk@aol.com))

**Parish Council meetings start at 7.30pm - the next one will be on Monday 4th December at Weston Hills Village Hall and following that on Monday 8th January at Weston Village Hall**

There is always a 15 minute Open Forum at the start of the meeting for any member of the public to have their say regarding matters which affect them.

## Joyce's Titbits!

### **You've Been Doing The Washing Up All Wrong!!**

My Dad always told me that the washing up should be done in a particular order! The reason, he told me, was to make the water & washing liquid last longer! According to The [Good Housekeeping Institute](#), the real reason is to banish germs and make your kitchenware sparkle.

The GHI tells us that 'If you're chucking all of your dirty kitchenware in the sink together, you could end up with bacteria and dirt spreading.' So, to avoid making any more mistakes and to keep your water and your dishes as clean as possible during the washing process, here's the right way!

Using a large washing up bowl, start with clean, hot, soapy water. Rinse/scrape food debris away before washing when required. Start with drinking glasses, then lightly soiled dishes such as mugs, saucers and side plates. Next, wash the large eating plates/dishes, followed by the cutlery.

Do serving dishes, pans and roasting tins last. If necessary, change the washing water halfway through.'

#### **DO NOT:**

Use a dirty washing up sponge/brush/scourer etc.

Use the wrong type of brush e.g. a harsh scourer on delicate crockery

The other essential that you shouldn't step near the sink without? 'Rubber gloves protect your hands from heat, allowing you to increase the temperature of the water,' the GHI tells us; 'Bacteria can thrive in cooler temperatures, so hotter water can kill nasty germs as well as break down grease, giving you a shiny and clean wash.' So now we know!!

**Jane Hickford**

You don't need an Advent calendar to know that Christmas is coming, but opening a little numbered door to reveal a prize is an idea that everyone – religious or not – can get behind.

Here's a brief history of Advent calendars

**What is Advent?** Advent is the four-week period beginning on the Sunday nearest the feast day of St. Andrew the Apostle (November 30) through the following three Sundays. Historians estimate that Advent, which derives from the Latin word for coming, has been celebrated since the fourth century. The period originally began as a time for converts to Christianity to prepare for baptism, but is now more commonly associated with the anticipation of the anniversary of Christ's birth on December 25.

**Advent Calendar Origins** Advent calendars typically don't follow the period of Advent described above. Instead, they begin on December 1 and mark the 24 days before Christmas. Today, most Advent calendars include paper doors that open to reveal an image, Bible verse, or piece of chocolate. The tradition dates to the mid-19th century, when German Protestants made chalk marks on doors or lit candles to count the days leading up to Christmas.

**The First Printed Advent Calendars** Gerhard Lang is widely considered the producer of the first printed Advent calendar in the early 1900s.

Around the same time, a German newspaper included an Advent calendar insert as a gift to its readers. Lang's calendar was inspired by one that his mother had made for him and featured 24 coloured pictures that attached to a piece of cardboard. Lang modified his calendars to include the little doors that are a staple of most Advent calendars today and they became a commercial success in Germany. Production stopped due to a cardboard shortage during World War II, but resumed soon after. **Paul Winn**

### **Healthwatch Lincolnshire ‘talks with’... Jan Sobieraj, CEO ULHT**

‘Talks with’ is Healthwatch Lincolnshire’s series of interviews with decision makers and service providers where we have a conversation about specific health and care topics linked to their services. Watch the first episode here: <https://youtu.be/QfBwfrorWdcWe>  
 Episode one sees Healthwatch Lincolnshire meet with Jan Sobieraj, Chief Executive of United Lincolnshire Hospitals NHS Trust (ULHT). ULHT is our local Hospital Trust which is currently in performance and financial special measures. Dean Odell asked Jan some probing questions about how the Trust is currently coping under such difficult circumstances....

Jan highlighted ULHTs 5 priority areas for the next twelve months:

- Quality
- Fire Safety
- Improving urgent care pathways
- Cancer services
- Finances

He also touched on the issues around staff recruitment and workforce and the current dependency on locum staff. As well as the implementation of more creative approaches to recruitment. We discussed the recent recruitment of more GPs at Lincoln and Boston hospitals around the urgent care stream, where doctors and nurses can deal with lower level cases that are presented at A&E from 8am – 11pm, triaged. Winter pressures and the impact of Australian flu, were also talked about and the importance of making sure that Lincolnshire residents get their flu vaccination and self-care over the winter period to relieve the pressures on A&E. Jan reminds us that if you have symptoms of diarrhoea and vomiting, please stay away from hospital services, instead keep warm take plenty of fluids and look after yourself. Recent outbreak of the Norovirus has had a serious impact on Lincoln County Hospital in October. He also took the time to praise the staff across ULHT and highlighted staff resilience as something he is very proud of. Some of you may have heard the acronym STP, but maybe you are not sure what this means. During the interview Jan explained what future service change might mean for hospitals in Lincolnshire, which includes the aim to create financially affordable safe and good service hospitals in Lincolnshire. The next episode in the series is Dean Odell ‘Talks with’ Andrew Morgan of Lincolnshire Community Hospital Service NHS Trust.

**If you would like to get involved with future episodes please contact info@healthwatchlincolnsire.co.uk or call us on 01205 820892.**

WESTON ST MARY  
CE PRIMARY SCHOOL  
COMING TOGETHER AS ONE

LINCOLN ANGLICAN  
ACADEMY TRUST  
DIOCESE OF LINCOLN

It has been a very busy few months at Weston St Mary. A highlight so far has been our Harvest Festival, which we celebrated with parents and carers at St Mary Church in Weston. Each year group presented or performed something Harvest themed, as well as donating items of food which were in turn passed on to a local food bank.

Pupils in Years 3 and 4 attended a theatre production called *'Tales of Birbal'* at the the South Holland Centre (as part of the SMART arts project) and were also very keen participants in a workshop run by members of the SMART team at school.

*We were very pleased to welcome parents and carers into school for our open mornings to show them what lessons look like at Weston St Mary and were delighted with the positive feedback that we received.*

Years 1 and 2 joined pupils at Whaplode C of E Primary School for an animal workshop, during which they had the opportunity to hold a range of creepy-crawlies. The pupils were very brave and some even touched the tarantula!

## ODD SOCKS DAY FOR ANTI-BULLYING WEEK

One of the children's favourite events to date has been Anti-Bullying week. As part of this, children and staff participated in an Odd Sock Day to raise awareness of the Anti-Bullying message 'All Different: All Equal'. It was lovely to see the children arriving in their odd socks and to hear the positive conversations it evoked about equality, tolerance and kindness.

As we move into the festive season, our youngest pupils are beginning to prepare for their Christmas performance and festive songs are beginning to resonate through the school. We would like to take this opportunity to wish you all a very **Merry Christmas** and a **Happy New Year** from all of the staff and pupils at Weston St Mary.

### They're not religious

Non-religious funerals seem to be on the increase. I am often told well he/she was not religious. What I think it really means is that they did not go to church in a number of cases, as well as those who genuinely were non-believers. Talking to people most will admit to believing in some sort of Supreme Being (God), but for whatever reason church does not somehow cater for their spiritual needs.

We want to believe that at some future date we will meet up with those who meant most to us. To Christians that means heaven, which is what Jesus promised.

If it is not heaven where will it be? The spirit (soul) of the deceased has to be somewhere. People are willing to go to Spiritual medium events and or séances with the hope that they may have some link up with their loved one, and to receive an assurance that they are around somewhere. These sort of events I cannot believe, or have any faith, in.

I am aware that a significant number of people watch Songs of Praise or occasions such as the Service of Remembrance. What effect do they have on their beliefs?

If you want a Christian funeral whether in church or at a crematorium please make sure your family know so that your wishes can be fulfilled.

I recently conducted a funeral which was initially to be non-religious, but in the end it was a Christian service. After the service a close friend said to me she would have been mortified if she had thought her funeral was not a Christian one. Whatever you want make sure that those who will be left behind know exactly what that is.

**The Lifeline Service**  
**Give yourself and your family peace of mind**

**Elderly? Disabled? Worried about being home alone?**

We provide a Lifeline Service - at the **press of a button** you can have **24 hour** access to our dedicated **call monitoring service** who get in touch with Family and Friends or the Emergency Services if you need them.

At just £2.80 per week, with a **£30** installation fee, you can have telephone assistance in case of an emergency, giving you around the clock reassurance. This service is available to **anyone**. We can install a **Keysafe** so that a key can be kept locked **safely outside** your home. Your friends/family/carers and emergency services can **gain access** if you are not able to let them in using a four digit code. Fitted for a one off charge of £50.
